## Integration Test Exit Criteria

Integration test shall successfully conclude when the following criteria are met.

1. The test team has performed all planned tests against all planned integration builds.
2. The final integration test release contains all components that will be part of the customer-released (General Availability) version of Sumatra.
3. The Sumatra Project Management team agrees that sufficient Integration Testing has been performed and further Integration Testing is not likely to find more integration-related bugs.
4. The Sumatra Project Management team holds an integration test phase exit meeting and agrees that these integration test exit criteria are met.
